

Nevada Victory Schools

School year 2015-16

Nevada's Victory Schools program is designed to meet student needs at the lowest performing schools within the highest poverty zip codes throughout Nevada. The goals of the program focus on students reading at grade level, being prepared for rigorous curriculum and graduating from high school with the skills and attributes necessary to immediately succeed in college or a career. School districts are required to provide comprehensive plans that address the specific needs of their students in order to achieve these goals and are accountable for a school's progress against established outcome indicators.

The following schools have been identified as Victory Schools and will receive, upon approval of plans by the Department, an allocation of approximately \$1,137.45 per pupil to support student learning through the eligible expenditures provided for within Senate Bill 432.¹ The figures below may be used for planning purposes and reflect the count day enrollment from 2014/2015 to establish the per-pupil and school allocation.
